Our Story

The Community Foundation is a place based perpetual charitable foundation which builds strong communities through giving, facilitating and investing.

The Community Foundation's Vision is a healthy, vibrant and resilient community working together to meet challenges and celebrate success.

We do this by:

- Building capacity and skills through grants
- Developing a shared understanding of the needs in our district
- Managing the 'future fund' through appropriate investment
- Encouraging community building and planning initiatives that support local people to develop solutions for their community
- Encouraging the giving of money, time and talent to benefit the community

With investments worth more than \$8 million, the community foundation has distributed more than \$1.5 million in grants and sponsorship in the last decade, including a significant grant of \$550,000 to the Mirboo North Swimming Pool.

The Community Foundation has also made an impact investment in a purpose built medical centre facility.
